FOR IMMEDIATE RELEASE

CITY PREPARES FOR REPLACEMENT OF SAN LUIS REY PARK PLAYGROUND EQUIPMENT
Park to close temporarily starting February 13th for project work

January 30, 2017...San Clemente, California...The City of San Clemente is preparing for a playground replacement project at San Luis Rey Park located at 109 Ave. San Luis Rey. The playground will close temporarily on Monday, February 13, 2017 so that the City's construction contractor NR Development, Inc. can remove the existing equipment and install new Universally Accessible Challenging Play Equipment, and an Americans with Disabilities Act (ADA) path of travel at the park. The playground is scheduled to reopen in April.

The approved \$175,000 project is being funded by Community Development Block Grant funds. The City Council voted on January 17, 2017 to declare the old playground equipment as surplus property and donate it to the non-profit organization Kids Around the World. Kids Around the World will refurbish the old equipment and coordinate with sister city San Clemente, Argentina for installation there to benefit underprivileged youth.
