Astronomy Night

Orange County Stars

8:30 pm – 10:30 pm

The Richard and Donna O'Neill Conservancy

Visitors traveling to sparsely populated areas are usually delighted to discover how many more stars are visible than at home. If you've not yet caught a glimpse of the Milky Way, come out to The Reserve for Astronomy Night where you can still view many more celestial phenomena than elsewhere in urbanized Orange County!

Enjoy an evening outdoors, as you gaze into the heavens, learn the constellations, and peer through the telescopes of our volunteer astronomers. Reserve astronomers are all volunteers who enthusiastically share their telescopes and expert sky knowledge with you. (BRING: Warm clothing, Red cellophaned flashlight, binoculars, optional beach chair.)

Ages: 8 and up

Adult: \$10.00

Child: \$5.00

Tarantulas and Other Many-Legged Critters of the Night Walk

6:30 pm – 8:30 pm

Join guest leader, Bob Allen, to get up close and personal with tarantulas and other arthropods! We'll be on the lookout for male tarantulas making their annual late summer search for females. We will also look for trap-door spiders and other critters of the evening.

Ages: 8 and up

Adult: \$10.00

Child: \$5.00
