FOR IMMEDIATE RELEASE

Landslide at North El Camino Real Causes Road Closure

February 13, 2019...San Clemente, California... The City of San Clemente has closed a portion of N El Camino Real, between Camino Capistrano and Avenida Pico, due to a landslide that has compromised public safety in the area. The road will be temporarily closed to all motorists, bicyclists and pedestrians until a geotechnical engineer can evaluate the severity and impact of the landslide.

It is expected that the road will be closed through tomorrow, February 14, 2019. If you are headed south on Pacific Coast Highway, please use Camino Capistrano. If you are headed north on El Camino Real, please use Avenida Pico to the I-5 Freeway. If the closure continues, information will be posted through subsequent press releases, on the City's website and social media.
