## Transportation Update

### **Orange County: Proposed Toll Road Extensions**

Many constituents have expressed concern regarding proposed toll road extensions that could go through San Clemente, San Juan Capistrano, Ladera Ranch and/or Rancho Mission Viejo.

After reviewing the proposals put forth by the Transportation Corridor Agencies (TCA) and listening to and consulting with many residents and stakeholders regarding this issue, I believe that the proposed alignments could irreparably harm the quality of life of affected communities. Therefore, I oppose those proposed extensions.

While the proposed toll road extensions are still that - proposals - it is important for everyone to be informed. To learn more and get involved, visit [www.GetMovingOC.com](http://www.GetMovingOC.com).
