

POLICY AND PROCEDURE

Subject: Environmental Sustainability Grant Funding	Index: Financial Services Number: 203-2
Effective Date: April 2, 2013	Prepared By: Utilities Department
Supersedes: September 1, 2009	Approved By:

1.0 PURPOSE:

To provide a uniform process and guidelines for submittal, consideration and approval of requests for funding assistance for water quality, water conservation, recycling and/or other environmental sustainability projects by Non-Profit Organizations serving residents of San Clemente.

2.0 ORGANIZATIONS AFFECTED:

Utilities Department

3.0 REFERENCES:

Not Applicable.

4.0 POLICY:

The City of San Clemente shall strive to allocate funds annually from the Clean Ocean Fund, Water Conservation Fund, and Solid Waste Fund to support Non-Profit Organizations and public schools in providing water quality, water conservation, and recycling services or outreach to residents of the City of San Clemente. In the case of other environmental sustainability initiatives as defined in this policy, the City will strive to allocate General Funds for these efforts.

Each year in conjunction with the City budget process, the City Council will determine the amount of funds available for Environmental Sustainability grants. Award of grants is subject to available funding. At the end of each Fiscal Year (June 30), all City appropriations cease and any unallocated grant funds will not be carried forward to the next Fiscal Year. An Environmental Grant Committee reviews grant requests two times per year in January and July and recommends approval or denial of funding. With limited exception and on a case by case basis subject to City Manager approval, grants shall not exceed \$2,000.00 or 50% of the total project cost, whichever is less. City staff will strive to notify applicants of their grant request status within two (2) months of the application deadline.

Grants are not intended to provide ongoing funding to well-established programs or services unless a clear benefit to the City of San Clemente and the community would be provided by the proposed activity. Grants are also not intended for any political or religious activity. Any organization that receives grant funding assistance agrees to include a brief statement in any promotional materials to acknowledge the City's financial contribution toward the project.

5.0 **DEFINITIONS:**

Coastal Advisory Committee – The advisory committee as established and discussed in Chapter 2.42 of the City of San Clemente Municipal Code.

Environmental Grant Committee – The City staff committee that provides initial review and recommendation of Environmental/Sustainability grant funding requests submitted to the City. This committee shall consist of staff from the Utilities Department including the Environmental Programs Supervisor, Water Conservation Analyst, and Environmental Services Coordinator, or as otherwise designated by the City Manager.

Environmental Sustainability – Refers to environmentally sustainable initiatives such as:

- *Resource Conservation:* Decrease consumption of non-renewable, non-recycled materials and pursue and encourage use of renewable resources (e.g. water conservation, solid waste reduction & recycling, solar power, energy savings, recycled water, etc.).
- *Environmental and Public Health:* Minimize levels of pollutants entering the air, soil, and water from everyday business practices (e.g. water runoff reduction, water quality improvement, etc.).
- *Transportation:* Encourage and pursue alternative forms of transportation (including pedestrian, bicycle, mass-transit, and fuel-efficient/alternative fuel vehicles).
- *Community Education and Civic Participation/Public Involvement:* Develop related education and outreach programs that are easily accessed by community members, and encourage collaboration and two-way dialogue between City officials, staff, businesses, community groups, and individual residents.

Grant Evaluation Criteria – Criteria used to evaluate grant funding requests will include, but not necessarily be limited to, the following:

- Demonstrated organization competence and ability to provide service or outreach.
- Impact of proposed services to effectively meet needs of San Clemente residents.
- Relationship of project objectives to water quality, water conservation, recycling or other environmental sustainability concepts.

Non-Profit Organization – Non-profit organizations recognized by the State to be tax exempt under the Internal Revenue Service Section 501 (c) (3). The organization must have a Charter, Articles of Incorporation, and/or By-laws. No part of its net earnings inure to the benefit of any member, founder, contributor, or individual.

Public School – Those schools of the Capistrano Unified School District that are physically located within the City of San Clemente, including any Parent Teacher Associations (PTAs) and student clubs (with a faculty advisor) that are officially recognized by these schools.

Qualifications for Funding – The Non-Profit Organization must have proof and provide documentation that residents of San Clemente are being served. The organization must have at least one San Clemente resident on its Board of Directors or Advisory Board. The organization must have an affiliation in San Clemente and provide services or outreach to San Clemente residents in the form of mailings, public meetings, attendance at local community events or civic meetings. New organizations must provide a copy of their Articles of Incorporation and By-laws, two letters of reference from an existing local Non-Profit Organization and/or government entity knowledgeable of the organization or services they intend to provide.

6.0 PROCEDURE:

- 6.1 There will be two (2) filing deadlines each Fiscal Year (July 1 to the following June 30) for consideration of Environmental Sustainability Grant funding requests. The first filing deadline will be June 15, and the second filing deadline will be the following December 15. To be considered for funding, applications must be received in the City Clerk's office by 5:00 p.m. of the filing deadline. Any applications not received by this deadline will not be considered, and must be resubmitted during another filing period for consideration.
- 6.2 Grant funding requests must be submitted on the Environmental Sustainability Grant application form (Attachment #1), which is available on the City of San Clemente website at www.san-clemente.org.
- 6.3 Following the submittal deadlines, the Environmental Grant Committee will review submitted applications, and prepare a report for the next regularly-scheduled meeting of the Coastal Advisory Committee (CAC). The report will be included in the agenda packet for the CAC meeting, which is publicly-noticed so that citizens can provide comment and feedback to the CAC.
- 6.4 The CAC will consider and discuss the report by the Environmental Grant Committee, and provide its recommendations for approval or denial of funding.
- 6.5 Following the CAC meeting, the Environmental Grant Committee shall prepare a memo, including the CAC recommendations, for City Manager approval.
- 6.6 After City Manager direction, letters will be sent to the applicants notifying them of approval or denial of funding and, if approved, the funded amount. Dispersing of grant funds may take up to 30 days following award approval.
- 6.7 Organizations receiving City grant funds must ensure that these funds are used only for the project identified in the grant funding request. If the project is canceled or otherwise not pursued, grant funds must be returned to the City.
- 6.8 A Grant Summary Report (Attachment #2) is required to be filed by each organization that receives funding assistance from the City. The Grant Summary

Report form is available on the City's website, and must be filed within 30 calendar days of the conclusion of the project. Failure to submit a Grant Summary Report will preclude an organization from applying for additional grant opportunities.
