

# City of San Clemente Approved Amusement Device Suppliers

The Department of Beaches, Parks and Recreation is required by the California Joint Powers Insurance Authority (JPJA) to obtain a Master Services Agreement (MSA) between the City of San Clemente and all businesses that bring inflatable amusement devices (bounce house companies) for use in the City's parks. The MSA is required in order to insure that the bounce house companies are aware of City policies and take full responsibility to make sure the renter and employees of the bounce house companies comply. Below is a list of the companies who are approved to bring inflatable amusement devices (bounce house) to a City park. Please contact the Recreation Division to obtain a park permit and select one of the companies below in order to use a bounce house at a City Park.

## Bounce House Companies Approved for City of San Clemente Parks:

- |                     |              |
|---------------------|--------------|
