<sup>1</sup> **Outreach Contacts** reflect the number of interactions for the specific purpose of reaching out to unsheltered homeless neighbors in a process of building trust and offering support toward the long-term goal of connecting them with emergency shelter, housing, or critical services; and providing urgent, non-facility-based care. These activities are intended to help homeless neighbors to obtain appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; housing stability case management; and other Federal, State, local, or private assistance available to assist the program participant in obtaining housing stability.. This number can be duplicated in any given reporting period.

<sup>2</sup> **Client Engagement** reflects the current number of homeless neighbors who are voluntarily engaged in a formal case management relationship with City Net. Case managers work with clients to achieve progress on a mutually agreed upon plan to attain housing and supportive services. Case managers follow-up with housed clients for 6 months after housing to ensure a successful placement. Active cases are engaged once a week on average and are considered inactive after 90 days of no contact.

<sup>3</sup> **HUD Street Exits** are defined by HUD and enumerated in the HUD systems performance report, and City Net uses these designations for all street exits achieved through the efforts of two or more agencies working together within the context of the homeless collaborative in the city. HUD designates some of these street exits as "temporary" and some as "permanent", and City Net exercises discretion to count as exited those homeless neighbors who have a reasonable plan in place to move from temporary shelter to permanent housing. Street exits may also reflect duplicated numbers as individuals may enter, then exit, then reenter shelter/housing multiple times during the reporting period, and HUD guidelines require that City Net count these as multiple street exits even when referring to a single individual.

Date	Location(s)
2/27/20	Miramar Hotel (El Camino Real & Ave San Gabriel), Santa Ana Greyhound, FAM, North Beach (Calle Deshecha & Avenida Estacion), Bus stop (Ola Vista & Avenida Cadiz)
2/28/20	North Beach, El Camino Real and Trafalgar, Pico Park

**Recent Street Outreach/ Case Management Successes (most recent at top)**

2/26/20: During outreach, case managers engaged client who was staying at North Beach. Client seemed hesitant at first when offered to explore resources but said he would think about it. Over the next few weeks, the case managers engaged the client at North Beach and completed his paperwork. After working together with City Net case managers for a few months, client found housing in Newport Beach with a friend.

2/17/20: FAM referred City Net case managers to two female clients who are wanting to relocate out of state with family. City Net met and transported the two clients to FAM so they can enroll in FAM’s relocation program. FAM bridged them for a few days at a motel, while City Net case managers met with clients and completed their paperwork. City Net paid for the clients’ motel for one night and transported clients to car dealership where the clients’ car was being fixed and paid for by FAM. The mechanic advised that the car wouldn’t be good for driving on a long trip. FAM and City Net collaborated on a plan. FAM purchased a Greyhound ticket out of state for the clients. City Net transported clients to FAM for food and FAM bridged them for another night at motel. City Net transported clients to Santa Ana so they could take the bus trip home. The two females were finally reunited with their family after a long time away from home.

1/23/19: For the past few weeks City Net’s case managers have been actively working with homeless female client and her family. Several agencies are working collaboratively to connect client to resources, including FAM Gilchrist House Transitional Shelter, Casa Teresa, Mercy House, Families Forward and City Net. Client recently got hired at a local job and has been submitting applications for different departments in San Clemente. City Net bridged client on January 23 while working with client on long-term housing solutions in an apartment.

12/17/19: City Net case managers engaged homeless male client in San Clemente. City Net provided transportation to client from the encampment to a hotel nearby, along with all his belongings. After unloading all of the clients’ belongings, City Net scheduled an appointment to transport him to San Clemente DMV. Upon our arrival at San Clemente DMV, City Net provided an ID voucher and transported the client back to his hotel. Within the following days, during San Clemente outreach, the San Clemente case managers followed up with the client and completed the housing assessment and gave the client a homeless disability form. We continue to work with the client on more permanent housing options.
