TYLER BODEN

Local Business Owner

Should I be elected to the City Council, I will work to Unite San Clemente over a shared vision: to create a more efficient and community-driven city government; and to Protect our children’s future, our coastline, and the quality of life of all residents.

San Clemente is much different than when I moved here 20 years ago, but the charm of this town still exists. As your Councilmember, I will work to protect that charm, while supporting a thriving local business economy that enriches the unique nature of our Spanish Village by the Sea.

I own and operate a local business in San Clemente, developing solar energy projects. I enjoy surfing, hiking, and serving the community. I have been a member of the Rotary Club for 4 years, and the Human Affairs Committee for 2 years. While in college at SDSU, I served as President/CEO of their $23 Million student government corporation, and representative for more than 35,000 students.

I have 15 years of leadership experience, and a real perspective on the needs of our community. I am ready to apply my skills to the City Council. I hope to earn your vote. www.tylerboden.com tylerboden4sc@gmail.com (949) 310-5013

CITY OF: San Clemente, CA
OFFICE SOUGHT: Member City Council, Short Term 2 Year
WARD/DISTRICT # (If applicable)

NAME: George F. Gregory
AGE: 60 (Optional)

OCCUPATION: Contractor/Businessman

As your councilman, I will emphasize health/safety standards and maintain the parks and recreation that have made San Clemente a destination for visitors and provided residents a great place to work and play. I have been a resident and small business owner/operator in San Clemente for 26 years and now, more than ever, I see the need for someone on the council who is a true voice of the citizens.
I've watched the the loss of the beach parking fund and its attempted misappropriation.
I've watched the county push the homeless problem off on the cities and we have proven that the problem is bigger than a city can or should handle with the camp.
I've seen the gifting of our last remaining beach parking given away to rich cronies while smaller business suffer because parking restrictions.
Get out and vote on November 3, or nothing will change. Remember to vote for George Gregory for city council. The true voice of the people.

CITY OF: San Clemente
OFFICE SOUGHT: City Councilman
WARD/DISTRICT # (If applicable)

NAME: Gerald W. Quinlan
OCCUPATION: Property Manager
AGE: 72

Fortunately, we have patriotic and talented people in our SC city government.

San Clemente priorities:
First, there are our youthful world class surfers and veteran watermen. I feel we should do everything we can to preserve the last, and best, SurfTown in America. TStreet access for them can be improved. No toll road extension.
San Clemente family and child development, and their mortgage paying parents, are paramount.
A 2013 graduate of the Citizens Police Academy, and city leadership program, I would market and promote the values of law and order.
City government transparency is a priority, though, made more clear when their representative communicates as a past Commander of Veterans of Foreign Wars Post 7142, and, is active at the San Clemente Gym and Senior Center. My family has been improved by attending and supporting the Boy Scouts of America, the Mormon church, Our Saviors Lutheran, Our Lady of Fatima, SC Boys/Girls Club, and San Clemente High School, where I volunteer as the current Triton Pole Vault official.
Jerry Quinlan is not a politician and is moderately, yet independently, financed; owing only to the good of San Clemente taxpayers. These priorities and values would surely be well represented.
LARON RUSH  
Musician/Businessman

My fellow residents of San Clemente my name is Laron Rush and currently I work at your neighbor stores as a store manager I also do music. At this moment I decided to run for city council to make a difference and to make change in our community that we live in. I believe that our lives begin to end the day we become silent about things that matter. When we can make a difference we should not stand by and do nothing I have thought to myself over the years what I am doing to make a difference in our community. What do qualifications mean when those with qualifications do not always do what is ethical. I am here for the people and to listen to their thoughts and concerns and to help make our community of San Clemente resilient in the face of adversity.

DONNA VIDRINE
Nurse/Business Owner

AGE: 64

I am proud to bring my experience as a U.S. Air Force Captain and a Registered Nurse with over 40 years of experience to serve the city of San Clemente in these unprecedented times. As a public health advocate, I understand the need for fiscally responsible leadership in managing both the pandemic and its effect on our local economy.

Now, more than ever, San Clemente deserves a community hospital. I will work to bring back our hospital to provide quality in-patient care and emergency services to our families in south Orange County.

I am a homeowner in our city, but not all of our residents are as fortunate. Our city’s homelessness crisis needs to be addressed head-on with prevention and intervention to keep families and individuals off the streets. We want safe, clean neighborhoods for all residents and families.

Our city is a special place with a rich heritage, outstanding schools and beautiful natural resources. I will work to protect and preserve our beaches, parks, trails and open spaces. And I will promote our city to welcome businesses and tourism that will strengthen our local economy.

I would be honored to have your vote on November 3rd.

ZHEN WU
Architect/Land Planner

I graduated from USC School of Public Policy and Leadership San Clemente. My wife and I settled here in 2004; now our son’s in San Clemente High. I’ve served on Planning Commission, Design Review and Coastal Advisory Committee since 2015, and have strongly supported small businesses, historic preservation, Complete Streets, pedestrian-friendly design, accessibility, and neighborhood quality of life to protect City’s “Spanish Village by the Sea” identity.

With problem-solving skills, critical thinking and leadership, I’ll continue to uphold the General Plan as I’ve done, and be your guiding and trusted voice of reason on the Council, I’ll steward our City through current uncertainty towards long-term prosperity for a growing financial reserve and more local control with economic development and conservative fiscal policy.

I’ll ensure public safety and health by prioritizing basic services budget, restricting drug-related businesses, implementing COVID-19 guidelines, and facilitating hospital reopening. I’m committed to clean ocean, timely removal of radioactive waste, and environmental sustainability. I’ll use my land use planning expertise to collaborate with stakeholders on regional issues, e.g., affordable housing, coastal resiliency, and transient population. I pledge to improve government transparency, accountability, efficiency, and oversight.

I humbly ask for your support and your vote.
