

## START A RECYCLING PROGRAM

### SAVINGS

Recycling is not only good for the environment, it can be great for your bottom line too! CR&R provides recycle bins at a nominal charge! By exchanging a trash bin with a recycle bin, your monthly bill may be significantly reduced. Let us show you how to better manage your waste stream and put money back in your business and not in your trash bin. For additional information, please call customer service.

### GETTING STARTED

CR&R will work with your business to determine the types of materials you generate and structure a program using the space you have available in and around your office for collection.

### TRAINING/ASSISTANCE

Once your business decides to implement a program, CR&R's Recycling Coordinator will assist in the training of your employees. We'll provide educational materials explaining the program in depth. One of the keys to a successful program is education, from the executive management to the janitorial staff.

### CUSTOMIZED PROGRAMS

CR&R offers waste audits for businesses seeking to improve their current recycling and waste programs. A CR&R Recycling Coordinator will evaluate your waste stream from the inside out to achieve the most successful recycling program possible. To schedule an appointment for a waste audit, please call.

11292 Western Avenue  
Stanton, CA 90680

## OTHER SERVICES

### BULKY ITEMS

Items that cannot properly fit in your bin, such as a chair or desk, are considered bulky items and require a special pick up. Electronic waste [e-waste] is anything with a circuit board or battery, such as computers, telephones and copiers. White goods [e. g. refrigerators, freezers] and electronic waste cannot be disposed of in your bin. CR&R will collect and properly dispose of and recycle these items. For more information, please call customer service department.

### HAZARDOUS WASTE

Hazardous wastes are products that are flammable, corrosive, reactive or toxic. They are dangerous to the public and the environment. It is illegal to dispose of hazardous wastes in your CR&R containers. Hazardous wastes must be disposed of properly. For further information about the disposal of hazardous waste, please visit [oclandfills.com](http://oclandfills.com)
